

I enjoy not having to answer my phone for calls I do not want. Please, do not change Wisconsin's Do Not Call List Rules. I had to get a new phone number when I recently moved. After about two weeks, I realized my new number was not on the list due to the number of unsolicited calls I was receiving. I put my number on the list and am happy to not have to answer those calls. DO NOT CHANGE THE CURRENT WISCONSIN RULES. Thank-you.
